about us

David Lawrence Center is the Southwest Florida-based, not-for-profit leading provider of behavioral health solutions dedicated to inspiring and creating life-changing wellness for every individual. The Center provides innovative, comprehensive inpatient, outpatient, residential and community based prevention and treatment services for the one in four local children and adults who experience mental health, emotional, psychological and substance abuse challenges.

programs & services

Admission Services

Walk-in assessment services with no appointment necessary

- Triage
- Crisis Support/Urgent Care
- Walk-in Clinical Assessments
- Emergency Services

Inpatient Crisis Stabilization Services

24/7 intensive treatment programs with variable lengths of stay

- Adult Crisis Stabilization Unit
- Baker Act Receiving
- Children's Crisis Stabilization Unit

Crossroads Adult Substance Abuse Services

A full continuum of addiction treatment and continuing care

* Honorary Member

From the President
Pablo Veintimilla

Fiscal year 2012-2013 was an exciting and ground breaking year for the David Lawrence Center. As we continued with our organizational transformation to become the leading provider of behavioral health solutions, the Board of Directors embarked on an extensive and thorough strategic planning

process to help guide our efforts into the next decade. In addition, we launched a national search for the replacement of our Chief Executive Officer who announced his retirement after an illustrious 30-year career with DLC.

Much was accomplished this year including the completion of extensive renovation and expansion to the main campus properties. The Center also invested in many program enhancements to provide the best care possible; expanded the expertise of our medical and management team; devoted a great deal of effort and resources in cutting edge technology upgrades including a new electronic health records operating system; and successfully increased and enhanced our fundraising and community outreach efforts.

These efforts have been recognized locally and nationally and once again earned the Center the prestigious Joint Commission's Gold Seal of Approval® for accreditation by demonstrating compliance with national standards for health care quality and safety in behavioral health care.

Thank you for joining us on this journey and we look forward to your ongoing support as we continually strive to create the best system of behavioral health care that provides a supportive continuum that allows people to achieve life-changing wellness.

Sincerely,

Pablo Veintimilla, President
David Lawrence Center
Board of Directors

As I reflect on the thirty years that I have had the privilege to lead the Center, I am the most grateful for the support of each and every volunteer, board member, staff member and donor who I had the privilege of working with to grow our services to continually meet the needs of those individuals most at risk in our community.

— David Schimmel
CEO 1989-2014

David Lawrence Foundation

BOARD OF TRUSTEES 2013-2014

Scott Burgess
Chief Executive Officer

Art Cherry
Chairman

Daniel Mendoza
Treasurer

William O’Neill, Esq.
Secretary

From the Chairman *Art Cherry*

This year proved to be transformational for the Foundation. Administratively, we carefully evaluated the committee and board structure and relationship with the Center Board. This resulted in the strategic decision to formally integrate the members and officers of each Board to provide the best cohesive, coordinated efforts

to support the Center as one dedicated, unified team.

An organization such as ours cannot thrive and meet its mission in the community without engaging a broad range of individuals that support us and we have a lot of individuals, organizations and businesses to be thankful for this year. The Foundation was honored to be invited to benefit from a wide variety of new fundraising events that helped exponentially grow donor support and awareness. Our Young Executives group held a series of new fundraisers and fundraisers and increased their annual support to the Center while building awareness and growing constituents in the younger demographic. In addition, the Foundation launched a Planned Giving Committee to help donors leave a legacy of philanthropic support and sustain long-term financial goals of the Center. Lastly, the Foundation engaged and trained a large number of new volunteers and advocates in our mission through our volunteer outreach and recruitment efforts.

These efforts reaped many rewards including growing the amount of annual donors and volunteers; providing capital improvement investments to renovate and expand the Acute Care Building; breaking records in gala event income due partly to the wildly successful Fund-A-Need to support the expanded services provided on the Crisis Stabilization Unit; and increasing our annual contribution to the Center.

We are extremely appreciative of our supporters who recognize the critical role the David Lawrence Center plays in the health, safety and wellbeing of our community and allow us the privilege of saving thousands of lives each year and empowering countless others to lead healthier, happier lives.

With 82% of the services the Center provides requiring subsidy, more needs to be done if we are to continue on the path of providing exceptional experiences for our most vulnerable citizens. We look forward to continuing our partnership with you to invest in fulfilling the mission and vision of this critical safety net in our community.

Art Cherry, Chairman
David Lawrence Foundation
Board of Trustees

Board Members Doug Johnson, Daniel Mendoza, Pablo Veintimilla, Brian McAvoy, Art Cherry, Pat T. Franciosi, Catherine Fay, Jack Fingersh, William O’Neill, Ed Sheridan and Kelly Townsend are celebrated for their service at a board meeting.

Child Success Story

Josh and his family's difficult journey began when he was three and diagnosed with ADHD. His parents received routine disconcerting calls from teachers about his trouble focusing, inability to sit still, fighting with other kids and problems with authority and following directions. This, combined with a hatred for homework, caused his grades to suffer greatly.

It got worse in high school when he discovered marijuana. This chemical irregularity led to depression, violent outbursts, fights in and out of school and legal troubles. Josh shares, "Sometimes I'd be happy one minute and then out of the blue, I would think about dying. I used to think about intentionally overdosing." Discipline only incited explosive behavior that caused him to be brought to the Crisis Stabilization Unit.

His parents' dreams of graduation – a day filled with reflections of happy childhood memories, aspirations of hope and all the possibilities in the world for a bright future – were fading fast and they feared he would fall through the cracks.

But with the help of the new innovative Education Day Treatment Program – a unique partnership with DLC and the Public Schools that helps teens with

"His counselor accepted Josh for who he was, they had an honest, open relationship and she made herself available to him day and night. She believed in him."

– JOSH'S MOTHER

learning disabilities and behavioral health problems – Josh successfully made it to the big day. He thrived in the small class size, self-paced learning model, onsite and in-home therapy and team effort between the teachers, therapists and family and graduated with A's and B's.

Josh says the program worked for him because he "quickly established a great rapport with his therapist." He adds, "It was really helpful being able to talk to someone other than your parents." His mom believes the program was successful because they immediately addressed and worked through classroom situations.

Now that Josh is off all medications, and staying out of trouble with diploma in hand... the sky is the limit. Armed with feelings of pride, relief and appreciation and the pursuit of his dreams begins today.

Adult Success Story

Growing up, Clint was a happy kid with a loving family who stayed active playing sports. But like too many misguided youth, in the impressionable middle school years he started experimenting with marijuana to fit in with the “cool” kids. By the time he was 18, it escalated to a devastating addiction to opioids and cocaine that made his life unravel.

A one-time firefighter hopeful, his career aspirations came crashing down after a drug arrest. The financial burden and mental, physical and emotional pain of nearly losing their son tore his family apart.

Clint’s mother lived in constant fear her son would die. She shares, “I can’t tell you how many times I thought I’d get a call or open the door and someone would tell me he was dead from an overdose.” Over the next ten years, he had three overdoses and one near death experience.

Clint adds, “I just wanted to die to get it over with. I had tried getting sober my way so many times. I was ready to admit I couldn’t do it alone and needed help.”

“Within just a few days at Crossroads I could see a big difference in him. Clint returned home the sober, wonderful person he was before drugs took over and it gets better every day.”

– CLINT’S MOTHER

When he was admitted to the Crossroads Detox and Residential Treatment programs, he was a 28-year-old broken man with little hope. But he was committed to his recovery and leaned on the expert staff for guidance. Today, he stays sober, honest and humble by attending routine 12-step meetings.

Clint adds, “I could never have gotten clean without the staff at Crossroads. They are a huge support system that I know I can call at any time. I wouldn’t be where I am today without David Lawrence Center. I know Crossroads saved my life.”

With a new lease on life and a strong support system, Clint is happier than he’s ever been and his family is overwhelmed with gratitude.
