### A Life-saving & Life-changing SUCCESS STORY

*How many times can a person hit rock bottom before they finally realize they've got to do something about it? For me, I had almost lost count. I had been to DLC a number of times since I was 15, but I never wanted to do the hard work of turning my life around. This time, I've turned the corner for good. DLC has literally saved my life, helped me get back on my feet, and I'm now the happiest I've ever been.* — **AARON**
